

English Language Learning Options in Waterloo Region

Formal Learning Options

Everyone who wants to attend formal English classes needs to start with a Language Assessment. You will move through Canadian Language Benchmark (CLB) levels and will get an official language certificate when you progress.

Language Assessment and Referral Services (CLARS):

YMCA Immigrant Services provides a Canadian language benchmark **placement assessment** and **referral** to English language learning programs. To book an appointment email intake@ytr.ymca.ca or call: Kitchener: 519-579-9622
Cambridge: 519-621-1621

Informal Learning Options

Many informal English learning options are available. These programs don't provide Canadian language benchmark (CLB) level changes or language certificate for citizenship.

Conversation Circles:

Drop-in and practice English with a smaller group of people. These sessions are run by YMCA, Kitchener Public Library, the Idea Exchange library in Cambridge and other community groups. Some groups are particularly for women, students, or other specific learners.
